MUTFORD NEIGHBOURHOOD PLAN - UPDATE

**The Referendum will be held on
Thursday 17th October 2019
at Mutford Village Hall.**

Polling will be open from 7am – 10pm

The referendum will be to decide on the following question:-

'Do you want East Suffolk Council to use the Neighbourhood Plan for Mutford to help it decide planning applications in the neighbourhood area'.

You will have received a flyer publicising the referendum, and a polling card from East Suffolk Council.

The final version of The Mutford Neighbourhood Plan can be found on the Parish website:

<http://mutford.suffolk.cloud/neighbourhood-plan/>

Printed copies can also be viewed at Beccles Library and East Suffolk's Customer Services Centre, The Marina, Lowestoft.

The Mutford Neighbourhood Plan sets out the vision for Mutford through to 2036 and has been developed from your views on how you would like Mutford to develop in the future.

The result of the referendum will be posted on the Parish Website on Friday 18th October 2019

**THURSDAY 17th OCTOBER 2019 IS
REFERENDUM DAY
PLEASE USE YOUR VOTE.**

Mutford Parish Council: Tackling issues raised by residents during the preparation of the Neighbourhood Plan

Off-road parking

Background research for the Mutford Plan found that many residents had safety concerns about increased on-road parking in the village.

One of the objectives of the Plan is to ensure that adequate off-road parking is a critical element of planning approval, with a policy supporting a minimum of two off-road car spaces per dwelling.

Potholes

Another issue raised by residents was road maintenance and potholes. Potholes can be reported to Suffolk County Council via an easy-to-use interactive map on their website

<https://highwaysreporting.suffolk.gov.uk> or by telephoning 0345 606 6171.

The Suffolk Highways Team will then undertake an inspection to decide whether, based on certain criteria, the damage to the road requires attention.

Badger Watch in Mutford -

A small group of volunteers monitors
badger activity in Suffolk:

'Badgers in Mutford have recently been very busy excavating and cleaning out their setts, with evidence of fresh clean bedding material being gathered to line out their chambers. After the long dry spell, the recent rains have been very welcomed to make feeding of their staple diet much easier; fortunately, Mutford has several good ponds that they can access to drink from. With the hedgerows now laden with blackberries and a variety of fruit falling from bushes and trees, there is a lot of good food for the badgers to build up their fat reserves for the months ahead.

A couple of day nests were located where some clan members preferred to sleep above ground during the really hot nights of summer, also a few tree trunks have been used as scratch posts to keep the claws in order. A wasp's nest was spotted on a bank which they had dug out as they are partial to the wasp larvae.

Numerous dung pits were found either near the setts or in nearby hedgerows which are possibly used for marking territorial boundaries; it's interesting to observe these throughout the year to see how their diets can change through the seasons.

The nearby A146 has claimed several badgers again this year possibly from roaming further for food or looking for a mate. Please let us know of any road casualties so that records can be updated.

Also, please let us know of new building sites so that we can ensure badgers are mitigated for.

Did you know...

The National Cycle Network is a UK-wide network of signed walking and cycling paths connecting cities, towns, and countryside.

The Network was created by the charity Sustrans. There are 10 national routes. The longest is Route 1, which is 1,695 miles, from Dover to the Shetland Islands - and comes down the east coast, via Norwich, Beccles and Framlingham.

A regional route - Route 31, travels from Reedham to Southwold, via Beccles, Ellough and Sotterley.

For more information:

<https://www.sustrans.org.uk/national-cycle-network/>

It is important to stay safe when cycling. If cycling at night it is a legal requirement* that your cycle must have white front and red rear lights lit. Flashing lights are permitted but it is recommended that cyclists who are riding in areas without street lighting use a steady front lamp.
*The Highway Code Rule 60

If you are driving, please give cyclists plenty of room when overtaking.
